RUSSIAN FLEET HELD IN SPAIN

Pending Negotiations, Thus Avoiding Premature Clash With British Fleet

SPECIAL TO THE DAILY DISPATCH:

London, Oct. 28, 11:20 a. m.—Orders have been issued to and acknowledged by Vice-Admiral Rojestvensky that the Russian squadron remain at Vigo, Spain, until the conclusions of the present Russo-British negotiations. This eliminates what was regarded here as one of the most dangerous features of the situation, namely the posibility of a premature clash between the British and Russian squadrons.

SITUATION CONFUSING

ROJESTVENSKY'S REPORT STILL FURTHER COMPLICATES ANGLO-RUSSIAN AFFAIR.

INTRODUCES A NEW PHASE

RUSSIAN ADMIRAL'S STORY MAY CHANGE CURRENT OF DIPLOMATIC NEGOTIATIONS.

BRITONS PREPARE FOR WAR

ENTIRE BRITISH NAVY IS READY TO ENGAGE THE RUSSIAN BALTIC SQUADRON.

Vice Admiral Rojestvensky's explanation of the attack of his squadron on British trawlers, while it is received with incredulity by the people and press of Great Britain, has probably turned the current of diplomatic negotiations into a new channel. The British foreign office is in courtesy obliged to accord an investigation into circumstances narrated by the Russian admiral, reinforced as it is by the testimony of subordinate officers of the squadron and by the report of the Danish minister of marine, communicated to the Russian government, that vessels were known to have been chartered at Hull and in Sweden by the Japanese government for the purpose of attacking the Baltic squadron during its passage of the North sea and English channel.

There are on one side stories of Russian ships firing upon vessels of several neutral nations, and on the other, of incidents tending to establish Admiral Rojestvensky's report that there were armed vessels in the vicinity of the Hull fishing fleet. Pending developments in diplomatic exchanges, the British admiralty is showing the utmost activity in bringing fleets within the course of the Russian squadron. The Russian ships at Vigo, Spain, it is promised, will depart as soon as necessary repairs are completed. France and Germany may be regarded as throwing the weight of their influence in the scale for peaceful conclusion of the controversy.

IS MORE COMPLICATED

ANGLO-RUSSIAN SITUATION IS A PUZZLE TO BRITISH AND OTHER DIPLOMATS.

London, Oct. 28.—One of the most complicated diplomatic situations in recent history and one that is attended with the most dangerous possibilities for the peace of the whole of Europe, now exists with no sign of immediate solution. The tension that arose when the dispute between Great Britain and Russia resolved itself into the simple question whether Russia would or would not guarantee in advance that some punishment should be administered to the offending officers of the Baltic squadron has been modified by the introduction of an entirely new set of contentions contained in Vice Admiral Rojestvensky's report; yet even the most astute diplomats who recognize a temporary improvement in conditions, are puzzled by the complications that so curiously cause it. However, there is at the embassies of powers not concerned in the dispute a very strong conviction that a way out will be found other than in recourse to war.

The foreign office, apparently as puzzled as the onlookers, pursues the policy of silence, and the British press is almost totally uniformed. The voluminous exchanges daily occurring between London and St. Petersburg continue, the statement that no reply from Russia has been received adding to the implication that Russia is intentionally ignoring the British representations. It is this misconception which is chiefly responsible for the stirring up of a popular agitation against which the government may find it hard to stand out in the possible event of Foreign Minister Lansdowne withdrawing the demand that Russia guarantee punishment before inquiry is instituted.

Prevents Sending of Ultimatum.

Had Admiral Rojestvensky's report not arrived it is probable the dispute would have been settled one way or the other Thursday. Its terms, however, are generally held to prevent the presentation of the ultimatum which Great Britain undoubtedly intended to send. Although Lord Lansdowne has frankly said that the circumstances reported by Admiral Rojestvensky are to him inconceivable, the foreign minister is not prevented from seeing that new light has been thrown on the "outrage" and that diplomatic usage now compels less urgent action than the British government at first contemplated.

In the present temper of the British nation it is not at all likely that preparations for hostilities will be relaxed or that the popular outcry will be diminished by Admiral Rojestvensky's report; but it is understood that Great Britain would run the risk of forfeiting in some degree the good will of France and certainly that of Germany, if she proceeded to substitute warlike for diplomatic steps, of which intention, so it is stated at the Russian embassy Thursday night, there is no indication in Lord Lansdowne's communication.

The attitude of France is held to be of the highest importance. It was said Thursday by the representative of another great power that if France had given definite assurances that she would not support Russia in the event of war growing out of the North sea incident a hostile issue would be almost inevitable, as the temptation to crush the Russian naval power after such provocation could scarcely have been refused by Great Britain. It is pointed out that it is greatly to France's interest to preserve peace and her efforts in that direction obviously will be strengthened by not committing herself except at the last moment. So long as Great Britain is not sure whether France will help Russia she will not be likely to engage in war; while Russia, with France neutral, would, so it is thought at most of the embassies here, scarcely invite defeat.

France Reserves Final Decisioon.

The most probable solution of the rumors regarding France's position is said by a high authority to be that she has given both disputants to understand that she does not desire to become involved, but has reserved her final decision.

Ambassador Cambon was unceasingly active throughout the day, not only in visiting Foreign Minister Lansdowne and Ambassador Banckendorff, but other of his diplomatic colleagues.

Baron Hayashi, the Japanese minister, after reading Admiral Rojestvensky's report, again reiterated his statement that it was impossible that any Japanese torpedo boat could have been where the Russian admiral thought them. He declared that Rojestvensky's own statement of indiscriminate firing after such slight investigation proved that the Russian fleet was likely to menace the safety of all neutral seas and make international law merely a farce. War between England and Russia, Baron Hayashi frankly admitted, would be greatly to Japan's advantage; yet as a friend of England he would be sorry to see it come, though such a war could hardly consist of more than one naval engagement, the result of which would be a foregone conclusion.

Exactly what method can be taken to investigate Vice Admiral Rojestvensky's statements does not clearly appear. The Russian embassy here can throw no light upon the alleged presence of torpedo boats in the North sea, the British admiralty has no information and fresh inquiry among the trawlers elicts no new facts. The Russian embassy thinks that a further and more more elaborate inquiry is proceeding at Vigo, where the testimony of the officers participating in the affair is being minutely recorded.

British Public Wants Satisfaction.

While up to the present time the government has maintained an almost complete silence with regard to the progress of the affair, it is considered almost certain that Premier Balfour, who will make a speech at Portsmouth Friday, will, after a conference with the entire cabinet, be in a position to make some definite announcement. Public sentiment will hardly stand the passing of another day unless some satisfactory explanation is made.

It might be said that Thursday was the first time that any real excitement was exhibited on the part of the public. Admiral Rojestvensky's report seemed to stagger almost every one. Its statements were received with incredulity, and evidently the reply was regarded as merely an adroit counter in order to gain time. The text of the admiral's telegram is calculated to inflame instead of allay the resentment of the British public.

According to the Daily Telegraph's St. Petersburg correspondent, Admial Rojestvensky received from the admiralty in code secret instructions not only authorizing but obliging him to fire upon all ships approaching too close or otherwise arousing suspicion, but that foreign governments were not notified of these instructions.

BRITAIN PREPARING FOR WAR.

Whole British Navy Closing in on Russian Fleet.

London, Oct. 28.—Notwithstanding the diplomatic check in consequence of Admiral Rojestvensky's report, it is evident that Great Britain is preparing for the possibility of war. Tremendous activity is reported from all dock yards where vessels under repairs are being made ready for sea under orders from the admiralty. At Cardiff it is stated that admiralty agents are securing great quantities of coal for Gibraltar, Portsmouth, Malta and other ports, and paying high freights. The Mediterranean fleet is hastening in the direction of Gibraltar and it is announced that the channel squadron with decks cleared will leave Gibraltar early Friday morning, its alleged object being a "sham attack on the rock."

The home fleet, likewise, is concentrating. In fact, almost the entire British navy is pointing in the direction of the Baltic fleet, a portion of which is expected to sail from Vigo during Friday.

Perhaps the most significant development is the cabinet meeting which is called for noon Friday. While the call was issued prior to the receipt of Rojestvensky's report, which changed the situation considerably, and appears to place some of the burden of proof on Great Britain, the meeting undoubtedly marks the reaching of a serious stage.

WARSHIPS CLEARED FOR ACTION.

British Vessels Prepare for War With Russia.

Gibraltar, Oct. 28.—The ships of the British channel fleet cleared their decks Thursday afternoon. It is rumored that the whole fleet, with the exception of the battleship Caesar, will steam westward Friday with the alleged purpose of making a sham attack against the rock of Gibraltar.

Several torpedo boats left Tangier Thursday fully equipped.

Work at the arsenal is proceeding under high pressure.

A division of the Mediterranean fleet comprising six battleships, all the armored cruisers and twenty torpedo boats is expected to arrive here Friday.

Athens, Oct. 28.—All the vessels of the British Mediterranean fleet now in Greek waters have been ordered to sail forthwith. The Pola British squadron sailed at midnight.

TO SAIL FOR TANGIER.

Rojestvensky Orders His Squadron to Be in Readiness.

Vigo, Spain, Oct. 28.—Admiral Rojestvensky has given orders to the Russian squadron to prepare to sail for Tangier.

CONFESSES TO MURDER.

Indiana Woman Sentenced to Prison for Life.

Hartford City, Ind., Oct. 28.—Indicted Thursday morning by the grand jury for the poisoning of her stepdaughter, Crystal Krauss, the defendant, Mrs. Rae M. Krauss, after demanding an immediate trial, Thursday pleaded guilty to a charge of murder in the first degree and walking calmly to the bench, handed to Judge Vaughn a signed confession written Oct. 16 while a prisoner in the Blackford county jail. Fifteen minutes after the confession was read the jury returned a verdict of guilty. Immediately Judge Vaughn pronounced the sentence which carries with it imprisonment for life in the women's prison at Indianapolis, and within half an hour the prisoner, escorted by two officers and followed by a mob, hissing and uttering cries of violence, was on her way to the Interurban train, which was to carry her to prison.

The confession pleads that the crime was committed while the defendant was dispossessed of her senses; that she had confessed to her husband, W. R. Krauss, that she was prompted to poison her stepdaughter by an indescribable desire to kill, and after dealing at length with the domestic relations of the family, which the confession says were most pleasant, concludes with an invocation of God's help in supplying strength to bear the sorrow which she endures.

TYNER WRITES TO ROOSEVELT.

Denies Statements Said to Reflect Upon His Integrity.

Washington, Oct. 28.—Mr. James N. Tyner, formerly assistant attorney general of the postoffice department, who was removed from office by the president and later tried and acquitted on charges in connection with alleged postal frauds, last night made public a long letter sent by him to the president.

The letter again denies the statements attributed to President Roosevelt, asserts the innocence of the author of any wrongdoing and practically asks the president, not as a favor, but in order to do justice to a wronged man, to retract his statement reflecting upon the honor and integrity of Mr. Tyner. The letter is in the nature of a protest against what is termed the unjust attitude of the president toward Mr. Tyner and asserts Mr. Tyner's willingness to again face a trial if President Roosevelt can obtain an indictment against him on any of the charges said to have been made by President Roosevelt. Mr. Tyner, in his letter, covers all the correspondence between himself and President Roosevelt and asks that his latest protest be filed with the records of his case.

BAD FIRE IN NEW YORK CITY.

Pier and Steamer Destroyed and Two Men Missing.

New York, Oct. 28.—Fire which began shortly after midnight destroyed the pier at the foot of Forty-second street in Brooklyn and the steamer City of Palermo of the Prince line, which was lying at the pier, and damaged five or six lighters, loaded with cotton. A policeman and a fisherman are reported as missing. It is estimated that the loss will reach $500,000.

One Dead and Another Injured.

Chicago, Oct. 28.—Fire Thursday night in the saloon and roominghouse of H. S. Fewer, 145 West Madison street, resulted in the death of Dennis Hogan and the serious burning of Morris Burns, both of whom were employed about the place.

RUSSIAN FLEET HELD IN SPAIN

Pending Negotiations, Thus Avoiding Premature Clash With British Fleet

SPECIAL TO THE DAILY DISPATCH:

London, Oct. 28, 11:20 a. m.—Orders have been issued to and acknowledged by Vice-Admiral Rojestvensky that the Russian squadron remain at Vigo, Spain, until the conclusious of the present Russo-British negotiations. This eliminates what was regarded here as one of the most dangerous features of the situation, namely the posibility of a premature clash between the British and Russian squadrons.

SITUATION CONFUSING

ROJESTVENSKY'S REPORT STILL FURTHER COMPLICATES ANGLO-RUSSIAN AFFAIR.

INTRODUCES A NEW PHASE

RUSSIAN ADMIRAL'S STORY MAY CHANGE CURRENT OF DIPLOMATIC NEGOTIATIONS.

BRITONS PREPARE FOR WAR

ENTIRE BRITISH NAVY IS READY TO ENGAGE THE RUSSIAN BALTIC SQUADRON.

Vice Admiral Rojestvensky's explanation of the attack of his squadron on British trawlers, while it is received with incredulity by the people and press of Great Britain, has probably turned the current of diplomatic negotiations into a new channel. The British foreign office is in courtesy obliged to accord an investigation into circumstances narrated by the Russian admiral, reinforced as it is by the testimony of subordinate officers of the squadron and by the report of the Danish minister of marine, communicated to the Russian government, that vessels were known to have been chartered at Hull and in Sweden by the Japanese government for the purpose of attacking the Baltic squadron during its passage of the North sea and English channel.

There are on one side stories of Russian ships firing upon vessels of several neutral nations, and on the other, of incidents tending to establish Admiral Rojestvensky's report that there were armed vessels in the vicinity of the Hull fishing fleet. Pending developments in diplomatic exchanges, the British admiralty is showing the utmost activity in bringing fleets within the course of the Russian squadron. The Russian ships at Vigo, Spain, it is promised, will depart as soon as necessary repairs are completed. France and Germany may be regarded as throwing the weight of their influence in the scale for peaceful conclusion of the controversy.

IS MORE COMPLICATED

ANGLO-RUSSIAN SITUATION IS A PUZZLE TO BRITISH AND OTHER DIPLOMATS.

London, Oct. 28.—One of the most complicated diplomatic situations in recent history and one that is attended with the most dangerous possibilities for the peace of the whole of Europe, now exists with no sign of immediate solution. The tension that arose when the dispute between Great Britain and Russia resolved itself into the simple question whether Russia would or would not guarantee in advance that some punishment should be administered to the offending officers of the Baltic squadron has been modified by the introduction of an entirely new set of contentions contained in Vice Admiral Rojestvensky's report; yet even the most astute diplomats who recognize a temporary improvement in conditions, are puzzled by the complications that so curiously cause it. However, there is at the embassies of powers not concerned in the dispute a very strong conviction that a war out will be found other than in recourse to war.

The foreign office, apparently as puzzled as the onlookers, pursues the policy of silence, and the British press is almost totally uniformed. The voluminous exchanges daily occurring between London and St. Petersburg continue, the statement that no reply from Russia has been received adding to the implication that Russia is intentionally ignoring the British representations. It is this misconception which is chiefly responsible for the stirring up of a popular agitation against which the government may find it hard to stand out in the possible event of Foreign Minister Lansdowne withdrawing the demand that Russia guarantee punishment before inquiry is instituted.

Prevents Sending of Ultimatum.

Had Admiral Rojestvensky's report not arrived it is probable the dispute would have been settled one way or the other Thursday. Its terms, however, are generally held to prevent the presentation of the ultimatum which Great Britain undoubtedly intended to send. Although Lord Lansdowne has frankly said that the circumstances reported by Admiral Rojestvensky are to him inconceivable, the foreign minister is not prevented from seeing that new light has been thrown on the "outrage" and that diplomatic usage now compels less urgent action than the British government at first contemplated.

In the present temper of the British nation it is not at all likely that preparations for hostilities will be relaxed or that the popular outcry will be diminished by Admiral Rojestvensky's report; but it is understood that Great Britain would run the risk of forfeiting in some degree the good will of France and certainly that of Germany, if she proceeded to substitute warlike for diplomatic steps, of which intention, so it is stated at the Russian embassy Thursday night, there is no indication in Lord Lansdowne's communication.

The attitude of France is held to be of the highest importance. It was said Thursday by the representative of another great power that if France had given definite assurances that she would not support Russia in the event of war growing out of the North sea incident a hostile issue would be almost inevitable, as the temptation to crush the Russian naval power after such provocation could scarcely have been refused by Great Britain. It is pointed out that it is greatly to France's interest to preserve peace and her efforts in that direction obviously will be strengthened by not committing herself except at the last moment. So long as Great Britain is not sure whether France will help Russia she will not be likely to engage in war; while Russia, with France neutral, would, so it is thought at most of the embassies here, scarcely invite defeat.

France Reserves Final Decisioon.

The most probable solution of the rumors regarding France's position is said by a high authority to be that she has given both disputants to understand that she does not desire to become involved, but has reserved her final decision.

Ambassador Cambon was unceasingly active throughout the day, not only in visiting Foreign Minister Lansdowne and Ambassador Banckendorff, but other of his diplomatic colleagues.

Baron Hayashi, the Japanese minister, after reading Admiral Rojestvensky's report, again reiterated his statement that it was impossible that any Japanese torpedo boat could have been where the Russian admiral thought them. He declared that Rojestvensky's own statement of indiscriminate firing after such slight investigation proved that the Russian fleet was likely to menace the safety of all neutral seas and make international law merely a farce. War between England and Russia, Baron Hayashi frankly admitted, would be greatly to Japan's advantage; yet as a friend of England he would be sorry to see it come, though such a war could hardly consist of more than one naval engagement, the result of which would be a foregone conclusion.

Exactly what method can be taken to investigate Vice Admiral Rojestvensky's statements does not clearly appear. The Russian embassy here can throw no light upon the alleged presence of torpedo boats in the North sea, the British admiralty has no information and fresh inquiry among the trawlers elicts no new facts. The Russian embassy thinks that a further and more more elaborate inquiry is proceeding at Vigo, where the testimony of the officers participating in the affair is being minutely recorded.

British Public Wants Satisfaction.

While up to the present time the government has maintained an almost complete silence with regard to the progress of the affair, it is considered almost certain that Premier Balfour, who will make a speech at Portsmouth Friday, will, after a conference with the entire cabinet, be in a position to make some definite announcement. Public sentiment will hardly stand the passing of another day unless some satisfactory explanation is made.

It might be said that Thursday was the first time that any real excitement was exhibited on the part of the public. Admiral Rojestvensky's report seemed to stagger almost every one. Its statements were received with incredulity, and evidently the reply was regarded as merely an adroit counter in order to gain time. The text of the admiral's telegram is calculated to inflame instead of allay the resentment of the British public.

According to the Daily Telegraph's St. Petersburg correspondent, Admial Rojestvensky received from the admiralty in code secret instructions not only authorizing but obliging him to fire upon all ships approaching too close or otherwise arousing suspicion, but that foreign governments were not notified of these instructions.

BRITAIN PREPARING FOR WAR.

Whole British Navy Closing in on Russian Fleet.

London, Oct. 28.—Notwithstanding the diplomatic check in consequence of Admiral Rojestvensky's report, it is evident that Great Britain is preparing for the possibility of war. Tremendous activity is reported from all dock yards where vessels under repairs are being made ready for sea under orders from the admiralty. At Cardiff it is stated that admiralty agents are securing great quantities of coal for Gibraltar, Portsmouth, Malta and other ports, and paying high freights. The Mediterranean fleet is hastening in the direction of Gibraltar and it is announced that the channel squadron with decks cleared will leave Gibraltar early Friday morning, its alleged object being a "sham attack on the rock."

The home fleet, likewise, is concentrating. In fact, almost the entire British navy is pointing in the direction of the Baltic fleet, a portion of which is expected to sail from Vigo during Friday.

Perhaps the most significant development is the cabinet meeting which is called for noon Friday. While the call was issued prior to the receipt of Rojestvensky's report, which changed the situation considerably, and appears to place some of the burden of proof on Great Britain, the meeting undoubtedly marks the reaching of a serious stage.

WARSHIPS CLEARED FOR ACTION.

British Vessels Prepare for War With Russia.

Gibraltar, Oct. 28.—The ships of the British channel fleet cleared their decks Thursday afternoon. It is rumored that the whole fleet, with the exception of the battleship Caesar, will steam westward Friday with the alleged purpose of making a sham attack against the rock of Gibraltar.

Several torpedo boats left Tangier Thursday fully equipped.

Work at the arsenal is proceeding under high pressure.

A division of the Mediterranean fleet comprising six battleships, all the armored cruisers and twenty torpedo boats is expected to arrive here Friday.

Athens, Oct. 28.—All the vessels of the British Mediterranean fleet now in Greek waters have been ordered to sail forthwith. The Pola British squadron sailed at midnight.

Vigo, Spain, Oct. 28.—Admiral Rojestvensky has given orders to the Russian squadron to prepare to sail for Tangier.

CONFESSES TO MURDER.

Indiana Woman Sentenced to Prison for Life.

Hartford City, Ind., Oct. 28.—Indicted Thursday morning by the grand jury for the poisoning of her stepdaughter, Crystal Krauss, the defendant, Mrs. Rae M. Krauss, after demanding an immediate trial, Thursday pleaded guilty to a charge of murder in the first degree and walking calmly to the bench, handed to Judge Vaughn a signed confession written Oct. 16 while a prisoner in the Blackford county jail. Fifteen minutes after the confession was read the jury returned a verdict of guilty. Immediately Judge Vaughn pronounced the sentence which carries with it imprisonment for life in the women's prison at Indianapolis, and within half an hour the prisoner, escorted by two officers and followed by a mob, hissing and uttering cries of violence, was on her way to the Interurban train, which was to carry her to prison.

The confession pleads that the crime was committed while the defendant was dispossessed of her senses; that she had confessed to her husband, W. R. Krauss, that she was prompted to poison her stepdaughter by an indescribable desire to kill, and after dealing at length with the domestic relations of the family, which the confession says were most pleasant, concludes with an invocation of God's help in supplying strength to bear the sorrow which she endures.

TYNER WRITES TO ROOSEVELT.

Denies Statements Said to Reflect Upon His Integrity.

Washington, Oct. 28.—Mr. James N. Tyner, formerly assistant attorney general of the postoffice department, who was removed from office by the president and later tried and acquitted on charges in connection with alleged postal frauds, last night made public a long letter sent by him to the president.

The letter again denies the statements attributed to President Roosevelt, asserts the innocence of the author of any wrongdoing and practically asks the president, not as a favor, but in order to do justice to a wronged man, to retract his statement reflecting upon the honor and integrity of Mr. Tyner. The letter is in the nature of a protest against what is termed the unjust attitude of the president toward Mr. Tyner and asserts Mr. Tyner's willingness to again face a trial if President Roosevelt can obtain an indictment against him on any of the charges said to have been made by President Roosevelt. Mr. Tyner, in his letter, covers all the correspondence between himself and President Roosevelt and asks that his latest protest be filed with the records of his case.

You can help your party win a victory by voting a straight republican ticket.

THE "Sixth" ward seems to be a new precinct not yet located by many of the voters.

BRAINERD will be honored next Tuesday by the presence of Hon. Moses E. Clapp, Minnesota's junior United States senator, who will deliver a political address at the opera house in the evening. It is expected that the seating capacity of the house will be taxed to its utmost to accommodate those who desire to hear this distinguished gentleman.

THE Minneapolis Journal is now busy endeavoring to create the impression that Bob Dunn is talking to empty seats and that the voters are not attending his meetings. The Journal will wake up some of these fine November mornings and discover that the voters have not only listened to Dunn but have voted for him in sufficient numbers to elect him governor of Minnesota.

A BUSINESS PROPOSITION

The voters of Crow Wing county and the Sixth district will in a few days be called upon to decide by their ballots between two candidates for the honor of representing them in congress.

The decision will not be a decision as between individuals but upon a business proposition affecting every man, woman and child in the district and possibly throughout the nation.

The democracy of the east backed by the Wall street money interests is making a desperate effort to overcome the slight republican majority in the House and the defeat of Mr. Buckman might result in again placing the country in the hands of a congress antagonistic to the president.

On the one hand the voters are asked to re-elect Congressman C. B. Buckman, a republican, in strict accord with the policies of President Roosevelt and whose record in congress not only amply demonstrates that loyalty but also his value to the district.

Opposed to Mr. Buckman is a candidate who can not ask for the suffrage of the voters of the district on any valid ground other than a furtherance of his personal ambition to secure a seat in congress; a candidate whose party organization would compel him to cast his vote and influence against the policies of the president and who as a representative of the interests of the people of the district would be helpless.

The people of Minnesota regardless of partisan affiliations are in an overwhelming majority in favor of the policies of President Roosevelt, and while the democratic candidate for congress in this district seems to be so much ashamed of his party that he refuses to carry its name upon his lithographs and stationery, his failure to do so has not deceived the people. They will vote for Roosevelt and give him a congressman hearty and loyal in his support.

A vote for Buckman is a vote for the president.

TO TRAVELING PUBLIC

MAIN ARTERY OF MANHATTAN'S GREAT SUBWAY SYSTEM FORMALLY OPENED.

FIGHT TO RIDE ON TRAINS

GREAT CROWDS STRUGGLE FOR PRIVILEGE OF PURCHASING FIRST TICKET.

New York, Oct. 28.—"City Hall to Harlem in fifteen minutes," became a reality Thursday when the main artery of Manhattan's great subway system was opened to the public. The formal opening exercises held in city hall in the afternoon were attended by invited guests. Mayor McClellan presided and addresses were made by Chief Engineer Barclay Parson, Rapid Transit Commissioners A. E. Orr and J. H. Stairn, Contractor J. B. McDonald and August Belmont, president of the operating company. Following the exercises a special train left city hall for the One Hundred and Fourteenth street terminus, carrying the invited guests. The mayor turned on the current and the trip was made without event.

The actual opening of the subway to the traveling public took place at night. Long before 7 p. m. when the first train was scheduled to leave city hall, the park surrounding the hall was jammed with a good natured crowd. Thousands of persons fought with one another for the privilege of purchasing the first ticket. Flying wedges and center rushes were adopted by those ambitious to ride upon the first train. Squads of police were stationed at the doors and they were compelled to meet the onward rushes with similar formations.

First Train Greeted With Cheers.

Promptly at 7 o'clock the first of the crowd were admitted to the station and when the first train dashed in sight around the loop a hearty cheer went up. As soon as the five cars had been filled the train was sent way. At Brooklyn bridge, the terminus of the express run, an enormous crowd had gathered and the initial train was given a vociferous reception. From station to station the train was heralded with noisy acclaim.

A second train quickly followed the first and was rapidly filled. The second train too received as warm welcome as the first. The service was inaugurated with a three-minute schedule for locals and two minutes for expresses. The outer tracks were given out to the former, while the two center tracks carried the express trains.

Owing to the crowds at the stations no attempt was made to make time on the first trip. The run to Brooklyn bridge was accomplished in twenty-six minutes, which included eight stops. A speed of a mile a minute was at times attained. The train bearing Mayor McClellan and his party was given a noisy reception at Brooklyn bridge. The mayor stood in the power box and in just twenty-five minutes piloted the train through the great catacombs of the subway from city hall to Washington Heights.

The people turned out en masse to christen the new road and it is estimated that nearly 150,000 rode during the evening.

It is expected that the seating capacity of the house will be taxed to its utmost to accommodate those who desire to hear this distinguished gentleman.

The Journal will wake up some of these fine November mornings and discover that the voters have not only listened to Dunn but have voted for him in sufficient numbers to elect him governor of Minnesota.

A BUSINESS PROPOSITION

The voters of Crow Wing county and the Sixth district will in a few days be called upon to decide by their ballots between two candidates for the honor of representing them in congress.

The decision will not be a decision as between individuals but upon a business proposition affecting every man, woman and child in the district and possibly throughout the nation.

The democracy of the east backed by the Wall street money interests is making a desperate effort to overcome the slight republican majority in the House and the defeat of Mr. Buckman might result in again placing the country in the hands of a congress antagonistic to the president.

On the one hand the voters are asked to re-elect Congressman C. B. Buckman, a republican, in strict accord with the policies of President Roosevelt and whose record in congress not only amply demonstrates that loyalty but also his value to the district.

Opposed to Mr. Buckman is a candidate who can not ask for the suffrage of the voters of the district on any valid ground other than a furtherance of his personal ambition to secure a seat in congress; a candidate whose party organization would compel him to cast his vote and influence against the policies of the president and who as a representative of the interests of the people of the district would be helpless.

The people of Minnesota regardless of partisan affiliations are in an over whelming majority in favor of the policies of President Roosevelt, and while the democratic candidate for congress in this district seems to be so much ashamed of his party that he refuses to carry its name upon his lithographs and stationery, his failure to do so has not deceived the people. They will vote for Roosevelt and give him a congressman hearty and loyal in his support.

A vote for Buckman is a vote for the president.

FIGHT TO RIDE ON TRAINS

GREAT CROWDS STRUGGLE FOR PRIVILEGE OF PURCHASING FIRST TICKET.

New York, Oct. 28.—"City Hall to Harlem in fifteen minutes," became a reality Thursday when the main artery of Manhattan's great subway system was opened to the public. The formal opening exercises held in city hall in the afternoon were attended by invited guests. Mayor McClellan presided and addresses were made by Chief Engineer Barclay Parson, Rapid Transit Commissioners A. E. Orr and J. H. Stairn, Contractor J. B. McDonald and August Belmont, president of the operating company. Following the exercises a special train left city hall for the One Hundred and Fourteenth street terminus, carrying the invited guests. The mayor turned on the current and the trip was made without event.

The actual opening of the subway to the traveling public took place at night. Long before 7 p. m. when the first train was scheduled to leave city hall, the park surrounding the hall was jammed with a good natured crowd. Thousands of persons fought with one another for the privilege of purchasing the first ticket. Flying wedges and center rushes were adopted by those ambitious to ride upon the first train. Squads of police were stationed at the doors and they were compelled to meet the onward rushes with similar formations.

First Train Greeted With Cheers.

Promptly at 7 o'clock the first of the crowd were admitted to the station and when the first train dashed in sight around the loop a hearty cheer went up. As soon as the five cars had been filled the train was sent way. At Brooklyn bridge, the terminus of the express run, an enormous crowd had gathered and the initial train was given a vociferous reception. From station to station the train was heralded with noisy acclaim.

A second train quickly followed the first and was rapidly filled. The second train too received as warm welcome as the first. The service was inaugurated with a three-minute schedule for locals and two minutes for expresses. The outer tracks were given out to the former, while the two center tracks carried the express trains.

Owing to the crowds at the stations no attempt was made to make time on the first trip. The run to Brooklyn bridge was accomplished in twenty-six minutes, which included eight stops. A speed of a mile a minute was at times attained. The train bearing Mayor McClellan and his party was given a noisy reception at Brooklyn bridge. The mayor stood in the power box and in just twenty-five minutes piloted the train through the great catacombs of the subway from city hall to Washington Heights.

The people turned out en masse to christen the new road and it is estimated that nearly 150,000 rode during the evening.

EDWARD CRUST CARRIES CITY

Republican Primaries Held in City Last Night and Vote was Very Large

SOME INTERESTING CONTESTS

Ed. Crust Won out Over R. R. Wise and P. M. Zakariasen in Mayoralty Contest

The republican primaries to elect delegates to the city convention were held in the city last night in the different wards and never before has there been such a keen interest in the outcome of a municipal campaign as was evidenced by the large turnout at each of the ward polling places.

The fight was made on the office of mayor, there being three candidates for nomination in the field, Edward Crust, R. R. Wise and P. M. Zakariasen, and for the time being candidates for the other city officers were lost sight of. The city convention will be held this evening at 8 o'clock at the court house when it is expected that there will be quite a scrimmage on some of the offices.

Edward Crust carried the city last night over his opponents by an overwhelming majority and he will be the party's regular nominee at the general election, his nomination tonight now being a foregone conclusion. Mr. Crust carried the Second with its 12 delegates, the Third with eight delegates, the Fourth with six delegates and one delegate in the Fifth ward is said to be for Crust, making the total number of delegates in the city for Crust 27, leaving 12 for the opposition. There are thirty-nine delegates to the city convention.

Mr. Zakariasen did not carry a ward in the city, although he made a good run in the Fourth and in the Fifth, in the latter ward leading Mr. Crust, getting 55 votes to Mr. Crust's 39, but this was decidedly a Wise ward as he polled 92 votes.

The following delegates were elected:

First Ward—C. B. Rowley, William Erb, F. L. Barnes, Geo. Gardner, Chas. Hagberg, A. A. Armstrong.

Second Ward—W. D. McKay, W. Salmon, F. E. Low, E. A. McKay, D. K. Fullerton, J. L. Fredricks, C. E. Cole, Jos. Kiebler, E. O. Webb, W. E. Entriken, W. Mahood, Eric Kronberg.

Third Ward—Geo. Halladay, David Cohen, Geo. Lind, Henry Towers, W. E. Storm, Conrad Isle, C. A. Nichols, F. M. Cook.

Fourth Ward—John Thompson, Martin Wicklund, M. Setula, J. C. Olson, August Johnson, Alfred Erickson.

Fifth Ward—Ed Bane, Chas. Swanson, F. S. Walker, John Wise, P. M. Johnson, R. L. Weeks, Chas. Peterson.

NOMINATIONS FOR ALDERMEN.

Considerable interest was manifested in the nomination of candidates for aldermen from the different wards of the city and in some of the precincts the vote ran very close. Two aldermen are to be elected from each ward in the city. In the First ward the candidates were George S. Gardner and A. A. Armstrong. They had no opposition and received nearly all the votes, Gardner 130 and Armstrong 131. One vote was cast for Chas. Hagberg.

In the Second ward there were three candidates for aldermen, F. A. Farrar, W. P. Robertson and J. K. Pearce. F. A. Farrar led the list with 192 votes, W. P. Robertson received 133 and J. K. Pearce 76. Messrs. Farrar and Robertson will be the republican nominees in this ward.

In the Third ward the candidates for alderman were Tim Twhoy and Geo. Halladay. They had no opposition and were the unanimous choice. Each received 155 votes.

In the Fourth ward Thos. Murphy will be a candidate again for reelection for alderman, having received 74 votes last night. Peter Peterson will be his running mate. He received 76 votes. The other candidates for the nomination were Henry Squires and he was defeated by a small margin, receiving 71 votes, John Bakkila's vote being 36.

In the Fifth there was a pretty four cornered fight between four popular gentlemen, Howard Baker, J. A. Hoffbauer, A. M. Opshal and John Wise. Howard Baker and A. M. Opsahl received the largest number of votes and will be the regular nominees from this ward. The vote stood Baker 151, Opsahl 93, Wise 79 and Hoffbauer 38.

MEMBERS OF BOARD OF EDUCATION.

Another important feature of last night's primaries was the nomination of members of the board of education. In the First ward J. R. Smith was the only candidate for member of the board of education so he had a cinch. He received 123 votes.

In the Second ward the same was true in the case of Dr. J. A. Thabes. He received the full vote and is the unanimous choice of the party for this office.

In the Third ward there was a contest on between C. A. Nichols and Mike Hawkins. The former won out receiving 125 votes to Hawkin's 55.

In the Fourth ward two members are to be elected this year and the candidates were John Thompson and W. E. Erickson. Both received about 150 votes. There was no opposition.

L. P. Johnson had no opposition in the Fifth ward but his friends gave him 166 complimentary votes just the same.

OVERTOOK THE WATER WAGON

Bad Mixup this Morning Between the Ice Wagon and Graham's Water Team on the North Side.

There was quite a bad mixup on the north side this morning. The team of horses belonging to the Brainerd Ice company ran into Graham's water wagon and there was a grand shake down that made the earth tremble thereabouts for a time. Both wagons were badly smashed up, but the horses were not injured.

Announcement.

I wish to take this means of extending my thanks to my many friends during the municipal campaign before the primaries. I did not enter the race for the mayoralty until a day or two before the primaries last night and the manner in which my friends responded was certainly gratifying. I wish to thank all who lent their assistance and extended their support, and cheerfully submit to the will of the majority.

Art Club Meeting.

A meeting of the Brainerd Art club will be held at the high school assembly room on Wednesday evening, Nov. 2, at 7:30 o'clock. Officers for the ensuing year will be elected and a special program rendered. The general public is cordially invited to attend this open meeting.

COMMITTEE.

Special Bargain in Hats.

Mrs. H. Theviot has just received 10 dozen ready to wear hats that will be sold at $1.00 to $1.50 a piece.

Announcement.

I wish to thank my friends for their kind support at the caucus last night and although defeated for alderman of the Fifth ward I shall run again when the opportunity presents itself and will then be able to devote more than one day to my campaign.

Yours Respectfully,

And Will Have Charge of District to Include Brainerd and Other Towns.

A division of Minnesota for Pythian purposes has been announced by Grand Chancellor C. S. Bertram, of St. Paul. The division formerly was for the purpose of holding conventions in each district during the year and the deputy appointed was charged with no other work than that of superintending the work of the convention. Under the new arrangement this year the deputy has several new specific duties and the district is made permanent for the year.

Milton McFadden, of this city, has been appointed deputy of District No. 12 and he will have supervision of the lodges in the following cities and towns: Brainerd, Royalton, Staples, Aitkin and Little Falls. Brainerd is suggested as the proper place to hold the convention.

SUCCESSFUL AIRSHIP TEST.

Montana Man Makes a Machine That Will Work.

St. Louis, Oct. 28.—Floating gracefully in the air at an average of thirty feet above the heads of the spectators, the airship designed and built by T. C. Benbow of Columbus, Mont., made what the inventor declares was a successful trial flight in the aeronautic course at the world's fair Thursday. The big cigar-shaped balloon bearing its burden of car, motor, machinery and operator, rose from the ground at 5 p. m. and after navigating the air for fifteen minutes, during which time Benbow directed the prow of his vessel toward all points of the compass, slowly descended to the ground near the starting place and was secured by the attendants without a break having marred the success of the flight. While Benbow appeared to have absolute control over the machine, an anchor rope about fifty feet long was used, one end of which was held by an assistant during the entire flight. After the trial Benbow said:

"This trial was made to determine the feasibility of my airship. I had intended making a trip over the fair grounds, but found that the rapid condensation of gas was fast reducing the lifting power and in order to maintain an altitude I threw out all my ballast."

MAY REMAIN IN PORT.

But Russian Ships Must Leave Vigo When Repaired.

Steamer Sunk in Collision.

Seattle, Wash., Oct. 28.—The Pacific coast steamship Mainlander collided in a fog near West Point light Thursday with the tug Sea Lion. The Mainlander sank in deep water. It is reported that all hands were saved.

Cleveland Will Not Attend.

Princeton, N. J., Oct. 28.—Former President Cleveland said last night that he had been obliged to reconsider his promise to speak at a Democratic mass meeting in Cooper Union, New York, Nov. 2.

TELEGRAPHIC BREVITIES.

A good portion of Northern New York is covered by two inches of snow.

Serious riots are reported to have occurred in the province of Vilna, Russia.

The board of trustees of Des Moines college has unanimously elected Herbert L. Stetson, now president of Kalamazoo college, Kalamazoo, Mich., as president of Des Moines college.

Hungarian Cripple Hanged.

Newton, N. J., Oct. 28.—Alexander Kiss, a one-armed, one-legged and one-eyed Hungarian, was hanged at the jail here Thursday for the murder of his wife, whom he shot in their home at Franklin Furnace on Aug. 6 last.

The Bucket Shop.

"Dad," said little Reginald, "what is a bucket shop?"

"A bucket shop, my boy," said the father feelingly; "a bucket shop is a modern cooperage establishment to which a man takes a barrel and brings back the bunghole."

For a Remote Future.

Mr. Green looked with a calm but not unkindly gaze at the simple minded young man from Vermont who aspired to be his son-in-law.

"What preparations have you made for the future?" he asked gravely. "You know how my daughter has been brought up."

"Yes, sir," said the young man, with equal gravity, "but up in our little town there's not so much difference between the Orthodox and the Methodists as there is in some places, and I'd be willing to go to the Orthodox church if 'twould make any difference. I'm not what you'd call narrow, sir."

MUSIC AND DRAMA.

"THE PRINCESS CHIC."

Although the "Princess Chic" is undoubtedly the most universally popular of modern musical plays, the correct pronunciation of this opera comique is still a puzzle to many of the uninitiated. When the Kirke La Shelle Opera company play this piece in some of the outlaying one-night stands, the Journals thereof often spell "Chic"—"Chick" and the inhabitants usually pronounce it accordingly. A learned critic in a small town near Chicago recently stated that "Chic" was an abbreviation for "Chicago', and that the play was really The Princess Chicago. Kirke La Shelle, the librettist, says that the name should be pronounced as if it were spelled "Sheek" and those who are in the "ken" seem to agree with him. Opera House Nov. 9.

CAN'T KEEP IT UP.

Can't Deceive Brainerd People Very Long—They Learn Quickly.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled another skeptic is made. We are naturally skeptical when reading a published statement given by some stranger residing in a far-away place but the circumstances are entirely different when home endorsement is presented. The testimony of local citizens renders deceit impossible. It is so easy for you to investigate. Read this case:

Mrs. Moses Derocher of 807, 7th street south says: "Low down in the small part of my back there was a pain very distressing by spells becoming much worse and causing me discomfort to say the least. EDWARD CRUST CARRIES CITY

Republican Primaries Held in City Last Night and Vote was Very Large

SOME INTERESTING CONTESTS

Ed. Crust Won out Over R. R. Wise and P. M. Zakariasen in Mayoralty Contest

The republican primaries to elect delegates to the city convention were held in the city last night in the different wards and never before has there been such a keen interest in the outcome of a municipal campaign as was evidenced by the large turnout at each of the ward polling places.

The fight was made on the office of mayor, there being three candidates for nomination in the field, Edward Crust, R. R. Wise and P. M. Zakariasen, and for the time being candidates for the other city officers were lost sight of. The city convention will be held this evening at 8 o'clock at the court house when it is expected that there will be quite a scrimmage on some of the offices.

Edward Crust carried the city last night over his opponents by an overwhelming majority and he will be the party's regular nominee at the general election, his nomination tonight now being a foregone conclusion. Mr. Crust carried the Second with its 12 delegates, the Third with eight delegates, the Fourth with six delegates and one delegate in the Fifth ward is said to be for Crust, making the total number of delegates in the city for Crust 27, leaving 12 for the opposition. There are thirty-nine delegates to the city convention.

Mr. Zakariasen did not carry a ward in the city, although he made a good run in the Fourth and in the Fifth, in the latter ward leading Mr. Crust, getting 55 votes to Mr. Crust's 39, but this was decidedly a Wise ward as he polled 92 votes.

The following delegates were elected:

First Ward—C. B. Rowley, William Erb, F. L. Barnes, Geo. Gardner, Chas. Hagberg, A. A. Armstrong.

Second Ward—W. D. McKay, W. Salmon, F. E. Low, E. A. McKay, D. K. Fullerton, J. L. Fredricks, C. E. Cole, Jos. Kiebler, E. O. Webb, W. E. Entriken, W. Mahood, Eric Kronberg.

Third Ward—Geo. Halladay, David Cohen, Geo. Lind, Henry Towers, W. E. Storm, Conrad Isle, C. A. Nichols, F. M. Cook.

Fourth Ward—John Thompson, Martin Wicklund, M. Setula, J. C. Olson, August Johnson, Alfred Erickson.

Fifth Ward—Ed Bane, Chas. Swanson, F. S. Walker, John Wise, P. M. Johnson, R. L. Weeks, Chas. Peterson.

NOMINATIONS FOR ALDERMEN.

Considerable interest was manifested in the nomination of candidates for aldermen from the different wards of the city and in some of the precincts the vote ran very close. Two aldermen are to be elected from each ward in the city. In the First ward the candidates were George S. Gardner and A. A. Armstrong. They had no opposition and received nearly all the votes, Gardner 130 and Armstrong 131. One vote was cast for Chas. Hagberg.

In the Second ward there were three candidates for aldermen, F. A. Farrar, W. P. Robertson and J. K. Pearce. F. A. Farrar led the list with 192 votes, W. P. Robertson received 133 and J. K. Pearce 76. Messrs. Farrar and Robertson will be the republican nominees in this ward.

In the Third ward the candidates for alderman were Tim Twhoy and Geo. Halladay. They had no opposition and were the unanimous choice. Each received 155 votes.

In the Fourth ward Thos. Murphy will be a candidate again for reelection for alderman, having received 74 votes last night. Peter Peterson will be his running mate. He received 76 votes. The other candidates for the nomination were Henry Squires and he was defeated by a small margin, receiving 71 votes, John Bakkila's vote being 36.

In the Fifth there was a pretty four cornered fight between four popular gentlemen, Howard Baker, J. A. Hoffbauer, A. M. Opshal and John Wise. Howard Baker and A. M. Opsahl received the largest number of votes and will be the regular nominees from this ward. The vote stood Baker 151, Opsahl 93, Wise 79 and Hoffbauer 38.

MEMBERS OF BOARD OF EDUCATION.

Another important feature of last night's primaries was the nomination of members of the board of education. In the First ward J. R. Smith was the only candidate for member of the board of education so he had a cinch. He received 123 votes.

In the Second ward the same was true in the case of Dr. J. A. Thabes. He received the full vote and is the unanimous choice of the party for this office.

In the Third ward there was a contest on between C. A. Nichols and Mike Hawkins. The former won out receiving 125 votes to Hawkin's 55.

In the Fourth ward two members are to be elected this year and the candidates were John Thompson and W. E. Erickson. Both received about 150 votes. There was no opposition.

L. P. Johnson had no opposition in the Fifth ward but his friends gave him 166 complimentary votes just the same.

Bad Mixup this Morning Between the Ice Wagon and Graham's Water Team on the North Side.

There was quite a bad mixup on the north side this morning. Both wagons were badly smashed up, but the horses were not injured.

Announcement.

I wish to take this means of extending my thanks to my many friends during the municipal campaign before the primaries. I did not enter the race for the mayoralty until a day or two before the primaries last night and the manner in which my friends responded was certainly gratifying. I wish to thank all who lent their assistance and extended their support, and cheerfully submit to the will of the majority.

Edward Crust carried the city last night over his opponents by an overwhelming majority and he will be the party's regular nominee at the general election, his nomination tonight now being a foregone conclusion. Mr. Crust carried the Second with its 12 delegates, the Third with eight delegates, the Fourth with six delegates and one delegate in the Fifth ward is said to be for Crust, making the total number of delegates in the city for Crust 27, leaving 12 for the opposition. There are thirty-nine delegates to the city convention.

Mr. Zakariasen did not carry a ward in the city, although he made a good run in the Fourth and in the Fifth, in the latter ward leading Mr. Crust, getting 55 votes to Mr. Crust's 39, but this was decidedly a Wise ward as he polled 92 votes.

The following delegates were elected:

First Ward—C. B. Rowley, William Erb, F. L. Barnes, Geo. Gardner, Chas. Hagberg, A. A. Armstrong.

Second Ward—W. D. McKay, W. Salmon, F. E. Low, E. A. McKay, D. K. Fullerton, J. L. Fredricks, C. E. Cole, Jos. Kiebler, E. O. Webb, W. E. Entriken, W. Mahood, Eric Kronberg.

Third Ward—Geo. Halladay, David Cohen, Geo. Lind, Henry Towers, W. E. Storm, Conrad Isle, C. A. Nichols, F. M. Cook.

Fourth Ward—John Thompson, Martin Wicklund, M. Setula, J. C. Olson, August Johnson, Alfred Erickson.

Fifth Ward—Ed Bane, Chas. Swanson, F. S. Walker, John Wise, P. M. Johnson, R. L. Weeks, Chas. Peterson.

NOMINATIONS FOR ALDERMEN.

Considerable interest was manifested in the nomination of candidates for aldermen from the different wards of the city and in some of the precincts the vote ran very close. Two aldermen are to be elected from each ward in the city. In the First ward the candidates were George S. Gardner and A. A. Armstrong. They had no opposition and received nearly all the votes, Gardner 130 and Armstrong 131. One vote was cast for Chas. Hagberg.

In the Second ward there were three candidates for aldermen, F. A. Farrar, W. P. Robertson and J. K. Pearce. F. A. Farrar led the list with 192 votes, W. P. Robertson received 133 and J. K. Pearce 76. Messrs. Farrar and Robertson will be the republican nominees in this ward.

In the Third ward the candidates for alderman were Tim Twhoy and Geo. Halladay. They had no opposition and were the unanimous choice. Each received 155 votes.

In the Fourth ward Thos. Murphy will be a candidate again for reelection for alderman, having received 74 votes last night. Peter Peterson will be his running mate. He received 76 votes. The other candidates for the nomination were Henry Squires and he was defeated by a small margin, receiving 71 votes, John Bakkila's vote being 36.

In the Fifth there was a pretty four cornered fight between four popular gentlemen, Howard Baker, J. A. Hoffbauer, A. M. Opshal and John Wise. Howard Baker and A. M. Opsahl received the largest number of votes and will be the regular nominees from this ward. The vote stood Baker 151, Opsahl 93, Wise 79 and Hoffbauer 38.

MEMBERS OF BOARD OF EDUCATION.

Another important feature of last night's primaries was the nomination of members of the board of education. In the First ward J. R. Smith was the only candidate for member of the board of education so he had a cinch. He received 123 votes.

In the Second ward the same was true in the case of Dr. J. A. Thabes. He received the full vote and is the unanimous choice of the party for this office.

In the Third ward there was a contest on between C. A. Nichols and Mike Hawkins. The former won out receiving 125 votes to Hawkin's 55.

In the Fourth ward two members are to be elected this year and the candidates were John Thompson and W. E. Erickson. Both received about 150 votes. There was no opposition.

L. P. Johnson had no opposition in the Fifth ward but his friends gave him 166 complimentary votes just the same.

OVERTOOK THE WATER WAGON

Bad Mixup this Morning Between the Ice Wagon and Graham's Water Team on the North Side.

There was quite a bad mixup on the north side this morning. The team of horses belonging to the Brainerd Ice company ran into Graham's water wagon and there was a grand shake down that made the earth tremble thereabouts for a time. Both wagons were badly smashed up, but the horses were not injured.

Announcement.

I wish to take this means of extending my thanks to my many friends during the municipal campaign before the primaries. I did not enter the race for the mayoralty until a day or two before the primaries last night and the manner in which my friends responded was certainly gratifying. I wish to thank all who lent their assistance and extended their support, and cheerfully submit to the will of the majority.

LODGE WORK IS DIVIDED

Deputies and Pythian Conventions Announced for the State of Minnesota

M. McFADDEN IS IN CHARGE HERE

And Will Have Charge of District to Include Brainerd and Other Towns.

A division of Minnesota for Pythian purposes has been announced by Grand Chancellor C. S. Bertram, of St. Paul. The division formerly was for the purpose of holding conventions in each district during the year and the deputy appointed was charged with no other work than that of superintending the work of the convention. Under the new arrangement this year the deputy has several new specific duties and the district is made permanent for the year.

Milton McFadden, of this city, has been appointed deputy of District No. 12 and he will have supervision of the lodges in the following cities and towns: Brainerd, Royalton, Staples, Aitkin and Little Falls. Brainerd is suggested as the proper place to hold the convention.

SUCCESSFUL AIRSHIP TEST.

Montana Man Makes a Machine That Will Work.

St. Louis, Oct. 28.—Floating gracefully in the air at an average of thirty feet above the heads of the spectators, the airship designed and built by T. C. Benbow of Columbus, Mont., made what the inventor declares was a successful trial flight in the aeronautic course at the world's fair Thursday. The big cigar-shaped balloon bearing its burden of car, motor, machinery and operator, rose from the ground at 5 p. m. and after navigating the air for fifteen minutes, during which time Benbow directed the prow of his vessel toward all points of the compass, slowly descended to the ground near the starting place and was secured by the attendants without a break having marred the success of the flight. While Benbow appeared to have absolute control over the machine, an anchor rope about fifty feet long was used, one end of which was held by an assistant during the entire flight. After the trial Benbow said:

"This trial was made to determine the feasibility of my airship. I had intended making a trip over the fair grounds, but found that the rapid condensation of gas was fast reducing the lifting power and in order to maintain an altitude I threw out all my ballast."

"A bucket shop, my boy," said the father feelingly; "a bucket shop is a modern cooperage establishment to which a man takes a barrel and brings back the bunghole."

For a Remote Future.

Mr. Green looked with a calm but not unkindly gaze at the simple minded young man from Vermont who aspired to be his son-in-law.

"What preparations have you made for the future?" he asked gravely. "You know how my daughter has been brought up."

"Yes, sir," said the young man, with equal gravity, "but up in our little town there's not so much difference between the Orthodox and the Methodists as there is in some places, and I'd be willing to go to the Orthodox church if 'twould make any difference. I'm not what you'd call narrow, sir."

MUSIC AND DRAMA.

"THE PRINCESS CHIC."

Although the "Princess Chic" is undoubtedly the most universally popular of modern musical plays, the correct pronunciation of this opera comique is still a puzzle to many of the uninitiated. When the Kirke La Shelle Opera company play this piece in some of the outlaying one-night stands, the Journals thereof often spell "Chic"—"Chick" and the inhabitants usually pronounce it accordingly. A learned critic in a small town near Chicago recently stated that "Chic" was an abbreviation for "Chicago', and that the play was really The Princess Chicago. Kirke La Shelle, the librettist, says that the name should be pronounced as if it were spelled "Sheek" and those who are in the "ken" seem to agree with him. Opera House Nov. 9.

Robert Burns Entertainment.

The Robert Burns entertainment at the high school tonight by the teachers and students will be an interesting event. The feature, besides the excellent musical program, will be a lecture on Robert Burns by Rev. John Lloyd, of Waseca. The following regarding Rev. Mr. Lloyd is taken from the Blue Earth Enterprise:

"The annual address was delivered by Rev. John Lloyd, of Waseca, who was born in Glasgow, and who was at home in describing his favorite poet and in relating anecdotes peculiar to the Scotch people. Mr. Lloyd is an able speaker and an entertainer of rare merit. A synopsis of his speech gives but a faint idea of the address punctured as it was with wit and humor from start to finish."

CAN'T KEEP IT UP.

Can't Deceive Brainerd People Very Long—They Learn Quickly.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled another skeptic is made. We are naturally skeptical when reading a published statement given by some stranger residing in a far-away place but the circumstances are entirely different when home endorsement is presented. The testimony of local citizens renders deceit impossible. It is so easy for you to investigate. Read this case:

NORTH SEA INCIDENT

ADMIRAL ROJESTVENSKY SAYS IT WAS CAUSED BY TORPEDO BOAT ATTACK.

TRIED TO SPARE TRAWLERS

RUSSIAN SHIPS CEASED FIRING AS SOON AS TORPEDO BOATS HAD VANISHED.

St. Petersburg, Oct. 28.—The naval general staff publishes two dispatches from Vice Admiral Rojestvensky. First dispatch is as follows:

"The North sea incident was caused by two torpedo boats advancing to attack without lights under cover of darkness against the vessel leading the detachment. When the detachment turned on its searchlights and opened fire, the presence of several small steamboats resembling steam fishing boats was discovered. The detachment endeavored to spare these and ceased firing as soon as the torpedo boats were out of sight.

"The English press is indignant because a torpedo boat left by the detachment on the spot until morning did not aid the victim. Now there was not a single torpedo boat near the detachment and none was left behind; consequently the vessel remaining near the small steamboats was that torpedo boat which was not sunk, but only damaged. The detachment did not aid the little steamboats because we suspected them of complicity on account of their obstinately cutting into the order of the positions of our vessels. Several of them showed no lights, and others only very late."

The second dispatch says:

"Having met several hundred fishing boats, the squadron showed them every consideration except when they were in company with freign torpedo boats, of which one disappeared while the other, according to the fishers' own evidence, remained among them until morning. They supposed it was a Russian and were indignant because it did not aid the victims; but it was foreign, and remained until morning, seeking the other torpedo boat, its consort, either to repair damage or through fear of betraying itself to those who were not its accomplices. If there were also on the spot fishermen imprudently dragged into the enterprise, I beg in the name of the whole squadron to express my sincere regret to the unfortunate victims of circumstance under which no warship, even in time of deep peace, could have acted otherwise."

MAKES MYSTERY DEEPER.

But Russians Are Elated Over Rojestvensky's Report.

St. Petersburg, Oct. 28.—The mystery of the trawler affair, instead of being cleared up by Vice Admiral Rojestvensky's report Thursday appears to be deeper than ever. The Russian admiral's explanation is hailed with the greatest satisfaction at the admiralty and elsewhere, but it is felt that a direct issue has now been raised between Russia and Great Britain and that the matter has now entered upon an even more delicate stage. Public opinion in both countries will demand a most searching investigation to establish facts, and apparently neither nation will be willing to trust the affair to an exparte inquiry by either. The outcome probably will be a mixed tribunal of some sort. This, at least is the suggestion of some of the cooler men here, as it is felt that only thus can a repetition of the Maine inquiry be avoided.

Popular excitement has reached a pitch unequalled since the beginning of the war. Public feeling and confidence are undoubtedly with Admiral Rojestvensky and should Russia choose to stand upon his version without further inquiry there is no question but such a course would be popular with the masses, who would be willing to back the government in the controversy to the utmost extremity. It is most unlikely, however, that the government will adopt such a course. It is much more probable that after the first flush of excitement has faded a middle way will be found in which the facts can be obtained and the national honor be maintained.

GERMAN VESSEL FIRED UPON.

Bombarded for Over Two Hours by Russian Ships.

Berlin, Oct. 28.—A dispatch to the Lokal Anzeiger, dated Geestemunde, Oct. 27, says:

"The fishing vessel Sonntag, which arrived here today, reported that it had been fired upon for two and a half hours off Dogger bank, but was not hit."

The following is the story of Captain Haehner of the Sonntag:

"On Oct. 21 we were on the Horns Reef fishing grounds, on the west coast of Jutland. In the forenoon five large Russian ships passed and in the evening nine more. North of us was a large freight steamer. At 8:30 o'clock p. m. we were lighted by a reflector, and immediately afterwards there fell the first shells in our neighborhood. The Russian vessels fired up to eighty shots a minute in all directions. Toward 9:30 the freighter approached us, drawing the fire upon itself. In the light of the reflector we observed shells striking close to this steamer. We then observed another reflector southward and shells bursting near the ship which was firing on us. We remained unhurt. After 11 o'clock there were no further shells."

FIRED ON NORWEGIAN SHIP.

Russian Warship Uses Guns in the English Channel.

Copenhagen, Oct. 28.—The master of the Norwegian steamship Skaatol reports from London that he was fired on by a Russian ship on Sunday in the English channel. The firing ceased when the Skaatol hoisted her flag. Soon afterwards eighteen Russian men-of-war passed the Skaatol.

EVIDENCE OF INCENDIARISM.

Said to Have Been Given in Sensational Case in Illinois.

Chicago, Oct. 28.—Evidence of incendiarism in connection with the Chicago Car and Locomotive works' fire at Hedgewick, Ill., leading practically up to the point when the match was applied, is in the hands of Corporation Counsel Tolman. Another sensational feature of the case that developed Thursday is the discovery that Mr. Perry has filed with the insurance companies no claims for any portion of the $172,000 insurance carried on the Hedgewick plant. The evidence given before Fire Attorney Johnson and made public Thursday contains testimony from Frank Beck, engineer of the Chicago Car and Locomotive works and from L. S. Baldwin, former president of the company.

Baldwin, according to the report, said that Perry had applied for increased insurance, greatly overstating the actual value of the plant. The engineer estified that Baldwin had told him of this and repeatedly warned him to be on his guard. "Those inflated values mean something. Guard that plant as you would your life. Don't let anyone in the building alone, not even Perry," was the warning given by Baldwin on one occasion according to the engineer.

The engineer told how Perry had sent him away because Beck was sick to get headache powders, thus leaving Perry alone in the plant. Beck returned and accompanied Perry to the station and from that place saw the fire in the plant.

Perry was arraigned before Judge Callahan on charges of arson and arson with intent to defraud insurance companies. Bail of $7,500 was furnished.

BAD WRECK IN MINNESOTA.

Two Men Missing and Several People Badly Hurt.

Winona, Minn., Oct. 28.—Two unknown men are missing, several people were very badly injured and a property loss of many thousands of dollars is the result of a collision which occurred at Minneiska, a small station eighteen miles west of here, on the river division of the Milwaukee road, at 10 o'clock Thursday night.

Train No. 56, known as the fast mail, which left Minneapolis at 6:45 p. m. for Chicago, while running at a rate of sixty miles an hour into the little town, collided with the rear end of freight train No. 65, which was standing on a side track near the depot. The rear end of the freight train would not allow the passenger to clear it, and the engine on the passenger struck the caboose on the rear of the friegnt squarely, completely demolishing it and entirely destroying the building. The engine left the track and carried with it all of the front cars of the train. After running forty rods off the rails the engine tipped on its side, the engineer and fireman jumping in time to save their lives, although both were injured.

Two men who boarded the blind baggage on the passenger train at Wabasha have not been seen since the wreck and it is feared they are beneath the wreckage.

JAPS TAKE OFFENSIVE

MAKE A SLIGHT ADVANCE UPON EAST FRONT OF THE RUSSIAN ARMY.

Mukden, Oct. 28.—News has just been received that the Japanese Wednesday assumed the offensive on the east front and made a slight advance. It is rumored that the Japanese have taken all the Russian positions at Erdagou, between Huansian and Findiapu, on the road from Mukden to Bentsiaputze, but the report has not been confirmed and looks improbable.

There was a reconnaisance in force Wednesday night by the Russian right flank and desultory firing until 2 o'clock a. m. The Japanese were discovered to be in small force along the whole line, but this does not preclude the possibility of an attack by them. It is the general opinion here that important events will not develop for a few days, but judging from the hurried manner in which the Chinese are settling their money affairs in Mukden they are of a different opinion. Thursday morning desultory shots were heard along the western front. The whole army is delighted with the appointment of General Kuropatkin as commander-in-chief of the land forces in the far East. The whole desire of the men is to advance. The general opinion is that when the fight comes it will be of a desperate character. Every precaution has been taken by the Russians to deal generously with Chinese who have suffered through the fighting in their territory.

CROWDS GREET FAIRBANKS.

Republican Candidate Puts in a Busy Day in Missouri.

Springfield, Mo., Oct. 28.—From the banks of the Mississippi river at Hannibal, Mo., Senator Fairbanks' special train Thursday swept through the state of Missouri to the Ozark mountains, concluding a day of hard campaigning with a speech before a great crowd at Springfield. The speaking at this point took place in a tent, which was packed with an enthusiastic audience. The senator, in spite of hard work, appeared fresh and vigorous at nightfall. The crowds through the day were large and the enthusiasm was unbounded. An interesting incident occurred at Sedalia, where Senator Fairbanks was greeted by Mrs. Clark Ritchie, his aged aunt, whom he had not met for a number of years. Friday will be devoted to Missouri meetings. On Saturday night the senator will speak in Cincinnati.

NORTH SEA INCIDENT

ADMIRAL ROJESTVENSKY SAYS IT WAS CAUSED BY TORPEDO BOAT ATTACK.

TRIED TO SPARE TRAWLERS

RUSSIAN SHIPS CEASED FIRING AS SOON AS TORPEDO BOATS HAD VANISHED.

St. Petersburg, Oct. 28.—The naval general staff publishes two dispatches from Vice Admiral Rojestvensky. First dispatch is as follows:

"The North sea incident was caused by two torpedo boats advancing to attack without lights under cover of darkness against the vessel leading the detachment. When the detachment turned on its searchlights and opened fire, the presence of several small steamboats resembling steam fishing boats was discovered. The detachment endeavored to spare these and ceased firing as soon as the torpedo boats were out of sight.

"The English press is indignant because a torpedo boat left by the detachment on the spot until morning did not aid the victim. Now there was not a single torpedo boat near the detachment and none was left behind; consequently the vessel remaining near the small steamboats was that torpedo boat which was not sunk, but only damaged. The detachment did not aid the little steamboats because we suspected them of complicity on account of their obstinately cutting into the order of the positions of our vessels. Several of them showed no lights, and others only very late."

The second dispatch says:

"Having met several hundred fishing boats, the squadron showed them every consideration except when they were in company with freign torpedo boats, of which one disappeared while the other, according to the fishers' own evidence, remained among them until morning. They supposed it was a Russian and were indignant because it did not aid the victims; but it was foreign, and remained until morning, seeking the other torpedo boat, its consort, either to repair damage or through fear of betraying itself to those who were not its accomplices. If there were also on the spot fishermen imprundently dragged into the enterprise, I beg in the name of the whole squadron to express my sincere regret to the unfortunate victims of circumstance under which no warship, even in time of deep peace, could have acted otherwise."

MAKES MYSTERY DEEPER.

But Russians Are Elated Over Rojestvensky's Report.

St. Petersburg, Oct. 28.—The mystery of the trawler affair, instead of being cleared up by Vice Admiral Rojestvensky's report Thursday appears to be deeper than ever. The Russian admiral's explanation is hailed with the greatest satisfaction at the admiralty and elsewhere, but it is felt that a direct issue has now been raised between Russia and Great Britain and that the matter has now entered upon an even more delicate stage. Public opinion in both countries will demand a most searching investigation to establish facts, and apparently neither nation will be willing to trust the affair to an exparte inquiry by either. The outcome probably will be a mixed tribunal of some sort. This, at least is the suggestion of some of the cooler men here, as it is felt that only thus can a repetition of the Maine inquiry be avoided.

Popular excitement has reached a pitch unequalled since the beginning of the war. Public feeling and confidence are undoubtedly with Admiral Rojestvensky and should Russia choose to stand upon his version without further inquiry there is no question but such a course would be popular with the masses, who would be willing to back the government in the controversy to the utmost extremity. It is most unlikely, however, that the government will adopt such a course. It is much more probable that after the first flush of excitement has faded a middle way will be found in which the facts can be obtained and the national honor be maintained.

GERMAN VESSEL FIRED UPON.

Bombarded for Over Two Hours by Russian Ships.

Berlin, Oct. 28.—A dispatch to the Lokal Anzeiger, dated Geestemunde, Oct. 27, says:

"The fishing vessel Sonntag, which arrived here today, reported that it had been fired upon for two and a half hours off Dogger bank, but was not hit."

The following is the story of Captain Haehner of the Sonntag:

"On Oct. 21 we were on the Horns Reef fishing grounds, on the west coast of Jutland. In the forenoon five large Russian ships passed and in the evening nine more. North of us was a large freight steamer. At 8:30 o'clock p. m. we were lighted by a reflector, and immediately afterwards there fell the first shells in our neighborhood. The Russian vessels fired up to eighty shots a minute in all directions. Toward 9:30 the freighter approached us, drawing the fire upon itself. In the light of the reflector we observed shells striking close to this steamer. We then observed another reflector southward and shells bursting near the ship which was firing on us. We remained unhurt. After 11 o'clock there were no further shells."

FIRED ON NORWEGIAN SHIP.

Russian Warship Uses Guns in the English Channel.

Copenhagen, Oct. 28.—The master of the Norwegian steamship Skaatol reports from London that he was fired on by a Russian ship on Sunday in the English channel. The firing ceased when the Skaatol hoisted her flag. Soon afterwards eighteen Russian men-of-war passed the Skaatol.

EVIDENCE OF INCENDIARISM.

Said to Have Been Given in Sensational Case in Illinois.

Chicago, Oct. 28.—Evidence of incendiarism in connection with the Chicago Car and Locomotive works' fire at Hedgewick, Ill., leading practically up to the point when the match was applied, is in the hands of Corporation Counsel Tolman. Another sensational feature of the case that developed Thursday is the discovery that Mr. Perry has filed with the insurance companies no claims for any portion of the $172,000 insurance carried on the Hedgewick plant. The evidence given before Fire Attorney Johnson and made public Thursday contains testimony from Frank Beck, engineer of the Chicago Car and Locomotive works and from L. S. Baldwin, former president of the company.

Baldwin, according to the report, said that Perry had applied for increased insurance, greatly overstating the actual value of the plant. The engineer estified that Baldwin had told him of this and repeatedly warned him to be on his guard. "Those inflated values mean something. Guard that plant as you would your life. Don't let anyone in the building alone, not even Perry," was the warning given by Baldwin on one occasion according to the engineer.

The engineer told how Perry had sent him away because Beck was sick to get headache powders, thus leaving Perry alone in the plant. Beck returned and accompanied Perry to the station and from that place saw the fire in the plant.

Perry was arraigned before Judge Callahan on charges of arson and arson with intent to defraud insurance companies. Bail of $7,500 was furnished.

BAD WRECK IN MINNESOTA.

Two Men Missing and Several People Badly Hurt.

Winona, Minn., Oct. 28.—Two unknown men are missing, several people were very badly injured and a property loss of many thousands of dollars is the result of a collision which occurred at Minneiska, a small station eighteen miles west of here, on the river division of the Milwaukee road, at 10 o'clock Thursday night.

Train No. 56, known as the fast mail, which left Minneapolis at 6:45 p. m. for Chicago, while running at a rate of sixty miles an hour into the little town, collided with the rear end of freight train No. 65, which was standing on a side track near the depot. The rear end of the freight train would not allow the passenger to clear it, and the engine on the passenger struck the caboose on the rear of the friegnt squarely, completely demolishing it and entirely destroying the building. The engine left the track and carried with it all of the front cars of the train. After running forty rods off the rails the engine tipped on its side, the engineer and fireman jumping in time to save their lives, although both were injured.

Two men who boarded the blind baggage on the passenger train at Wabasha have not been seen since the wreck and it is feared they are beneath the wreckage.

JAPS TAKE OFFENSIVE

MAKE A SLIGHT ADVANCE UPON EAST FRONT OF THE RUSSIAN ARMY.

Mukden, Oct. 28.—News has just been received that the Japanese Wednesday assumed the offensive on the east front and made a slight advance. It is rumored that the Japanese have taken all the Russian positions at Erdagou, between Huansian and Findiapu, on the road from Mukden to Bentsiaputze, but the report has not been confirmed and looks improbable.

There was a reconnaisance in force Wednesday night by the Russian right flank and desultory firing until 2 o'clock a. m. The Japanese were discovered to be in small force along the whole line, but this does not preclude the possibility of an attack by them. It is the general opinion here that important events will not develop for a few days, but judging from the hurried manner in which the Chinese are settling their money affairs in Mukden they are of a different opinion. Thursday morning desultory shots were heard along the western front. The whole army is delighted with the appointment of General Kuropatkin as commander-in-chief of the land forces in the far East. The whole desire of the men is to advance. The general opinion is that when the fight comes it will be of a desperate character. Every precaution has been taken by the Russians to deal generously with Chinese who have suffered through the fighting in their territory.

CROWDS GREET FAIRBANKS.

Republican Candidate Puts in a Busy Day in Missouri.

Springfield, Mo., Oct. 28.—From the banks of the Mississippi river at Hannibal, Mo., Senator Fairbanks' special train Thursday swept through the state of Missouri to the Ozark mountains, concluding a day of hard campaigning with a speech before a great crowd at Springfield. The speaking at this point took place in a tent, which was packed with an enthusiastic audience. The senator, in spite of hard work, appeared fresh and vigorous at nightfall. The crowds through the day were large and the enthusiasm was unbounded. An interesting incident occurred at Sedalia, where Senator Fairbanks was greeted by Mrs. Clark Ritchie, his aged aunt, whom he had not met for a number of years. Friday will be devoted to Missouri meetings. On Saturday night the senator will speak in Cincinnati.

Chicago, Oct. 28.—Evidence of incendiarism in connection with the Chicago Car and Locomotive works' fire at Hedgewick, Ill., leading practically up to the point when the match was applied, is in the hands of Corporation Counsel Tolman. Another sensational feature of the case that developed Thursday is the discovery that Mr. Perry has filed with the insurance companies no claims for any portion of the $172,000 insurance carried on the Hedgewick plant. The evidence given before Fire Attorney Johnson and made public Thursday contains testimony from Frank Beck, engineer of the Chicago Car and Locomotive works and from L. S. Baldwin, former president of the company.

Baldwin, according to the report, said that Perry had applied for increased insurance, greatly overstating the actual value of the plant. The engineer estified that Baldwin had told him of this and repeatedly warned him to be on his guard. "Those inflated values mean something. Guard that plant as you would your life. Don't let anyone in the building alone, not even Perry," was the warning given by Baldwin on one occasion according to the engineer.

The engineer told how Perry had sent him away because Beck was sick to get headache powders, thus leaving Perry alone in the plant. Beck returned and accompanied Perry to the station and from that place saw the fire in the plant.

Perry was arraigned before Judge Callahan on charges of arson and arson with intent to defraud insurance companies. Bail of $7,500 was furnished.

BAD WRECK IN MINNESOTA.

Two Men Missing and Several People Badly Hurt.

Winona, Minn., Oct. 28.—Two unknown men are missing, several people were very badly injured and a property loss of many thousands of dollars is the result of a collision which occurred at Minneiska, a small station eighteen miles west of here, on the river division of the Milwaukee road, at 10 o'clock Thursday night.

Train No. 56, known as the fast mail, which left Minneapolis at 6:45 p. m. for Chicago, while running at a rate of sixty miles an hour into the little town, collided with the rear end of freight train No. 65, which was standing on a side track near the depot. The rear end of the freight train would not allow the passenger to clear it, and the engine on the passenger struck the caboose on the rear of the friegnt squarely, completely demolishing it and entirely destroying the building. The engine left the track and carried with it all of the front cars of the train. After running forty rods off the rails the engine tipped on its side, the engineer and fireman jumping in time to save their lives, although both were injured.

Two men who boarded the blind baggage on the passenger train at Wabasha have not been seen since the wreck and it is feared they are beneath the wreckage.

JAPS TAKE OFFENSIVE

MAKE A SLIGHT ADVANCE UPON EAST FRONT OF THE RUSSIAN ARMY.

Mukden, Oct. 28.—News has just been received that the Japanese Wednesday assumed the offensive on the east front and made a slight advance. It is rumored that the Japanese have taken all the Russian positions at Erdagou, between Huansian and Findiapu, on the road from Mukden to Bentsiaputze, but the report has not been confirmed and looks improbable.

There was a reconnaisance in force Wednesday night by the Russian right flank and desultory firing until 2 o'clock a. m. The Japanese were discovered to be in small force along the whole line, but this does not preclude the possibility of an attack by them. It is the general opinion here that important events will not develop for a few days, but judging from the hurried manner in which the Chinese are settling their money affairs in Mukden they are of a different opinion. Thursday morning desultory shots were heard along the western front. The whole army is delighted with the appointment of General Kuropatkin as commander-in-chief of the land forces in the far East. The whole desire of the men is to advance. The general opinion is that when the fight comes it will be of a desperate character. Every precaution has been taken by the Russians to deal generously with Chinese who have suffered through the fighting in their territory.

CROWDS GREET FAIRBANKS.

Republican Candidate Puts in a Busy Day in Missouri.

Springfield, Mo., Oct. 28.—From the banks of the Mississippi river at Hannibal, Mo., Senator Fairbanks' special train Thursday swept through the state of Missouri to the Ozark mountains, concluding a day of hard campaigning with a speech before a great crowd at Springfield. The speaking at this point took place in a tent, which was packed with an enthusiastic audience. The senator, in spite of hard work, appeared fresh and vigorous at nightfall. The crowds through the day were large and the enthusiasm was unbounded. An interesting incident occurred at Sedalia, where Senator Fairbanks was greeted by Mrs. Clark Ritchie, his aged aunt, whom he had not met for a number of years. Friday will be devoted to Missouri meetings. On Saturday night the senator will speak in Cincinnati.

Ohio Murderer Electrocuted.

Columbus, O., Oct. 28.—Louis Harmon, one of the trio of robbers who murdered George Geyer, a farmer, near Alton, O., more than a year ago, was electrocuted in the annex at the Ohio state penitentiary shortly after midnight. Harmon was pronounced dead in five minutes. He met death bravely.

Disgraceful.

Mrs. Tittle—Wasn't it disgraceful the way those women talked during the play last night? Mrs. Tattle—Well, I should say so! Sarah Snookins was trying to tell me the fuss in the Brindles family, and those two women made such a clatter I couldn't hear more than half she said.—Boston Transcript.
